Manufacture Vanillin from Lignon from GP Bellingham

Formerly owned by Monsanto

upto '76 several other chemical products

black liquor solid - no longer made

now produce black liquor cake - WTO EHW (Fish toxicity)

Vanillin still bottoms handled as PW but doesn't designate as PW - goes to cement kiln in Can. as fuel.

Solid cat + Na SO₂ (strainer solids) high in Cu

Lab wastes 55 gal per yr. MeCl₂

K&L parts cleaner

Transporter & disposer
Secured Chem Resources Portland
Resource Recovery
Chem waste Mgt
Security

Waste analysis needs to be updated
